

WELLHEAD SOLUTIONS

PERFORMANCE IS MORE THAN OUR NAME

Performance Wellhead & Frac Components is a preferred repair and remanufacture supplier, with several certified facilities throughout the U.S.

- OMC Manufacturing / Fabrication
 - Gate Valves
 - Wellhead Equipment
 - Manifolds
 - Goathead Frac Adapters
- Repair and Remanufacturing Support
- Procurement
- QA / QC Functions
- Field Service Technicians
- Crane Truck
- Assembly and Testing Operations
- R&D Projects
- Customer Property Management
- Asset Control-Tracking Functions
- Distribution Facility
- Sales Office

HIGHEST QUALITY STANDARDS

All components are manufactured and certified to API Standards.

- API 6A - 20th Edition
- Product Specification Level 1-4
- PR 1 / PR 2
- Material Class AA-HH/NL
- Temperature Class P-U

CONVENTIONAL SURFACE WELLHEAD SYSTEMS

Our wellhead division serves as the primary provider of wellhead equipment and related services. Utilizing the industry standard "22" straight-bowl design, we offer a complete line of conventional, surface wellhead equipment for a wide variety of applications and service.

Surface Wellhead Product Line:

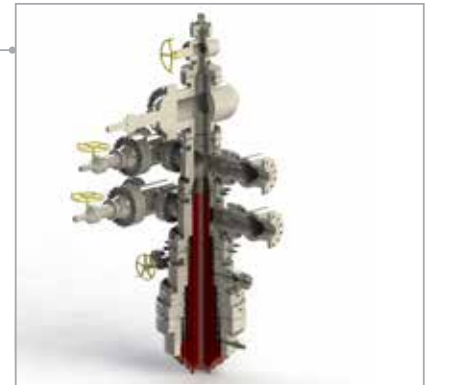

- Casing Heads
- Casing Spools
- Tubing Spools
- Tubing Head Adapters
- Gate Valves / Actuators / Chokes
- Crosses / Tees
- Metal-to-Metal Seals
- Engineered Products

SALT CAVERN STORAGE WELLHEAD SYSTEMS

Having successfully completed major projects in Texas, Louisiana and Mississippi, Performance Wellhead & Frac Components has notably become the leading supplier of large-bore wellhead systems specifically designed for salt cavern, natural gas storage projects. From start to finish, we provide the engineering expertise, project management and field service support functions that ensure successful completion of the project.

- Leaching Wellhead System
- Gas Injection Wellhead System

AFTERMARKET CAPABILITIES

Performance Wellhead & Frac Components maintains a steady focus on the aftermarket sector of our business. Utilization and successful management of customer-owned assets significantly reduces the operators cost per well. There are thousands of older, mature wells that will require a great deal of maintenance and upgrades as production levels begin to fall and workovers are warranted.

We provide quick turnaround, repair and return, and retrofit applications. Our in-house engineering, repair and remanufacture capabilities, customer property management and field service technicians available 24/7 make Performance Wellhead & Frac Components the best choice for aftermarket needs.
